**Le Rôdeur** May 14 2021 Vous pouvez faire une croix sur vos nuits paisibles. Il observe, il traque, il tue... C'est le Rôdeur. Suzanne Perry est en plein cauchemar. Quelqu'un a pénétré dans sa chambre. Quelqu'un qui l'épie, qui la touche. Elle ne peut pas bouger, ses muscles sont comme pétrifiés, son corps ne lui obéit plus. À son réveil, délivrée de cette horrible vision, Suzanne croit à un cauchemar mais ouvre les rideaux et découvre un Polaroid scotché à la fenêtre : une photo d'elle, endormie. Au-dessous, ces mots : « Je veille sur toi ». Alors elle comprend que le cauchemar ne fait que commencer. Début juin, Colchester, dans l'Essex. Le long des quais de la rivière Colne le cadavre d'une jeune femme, victime de tortures et de mutilations sexuelles, est retrouvé sur le pont d'un bateau-phare. Tout porte à croire qu'il s'agit de Julie Miller, une ergothérapeute, disparue douze jours plus tôt. À la tête de la brigade spéciale chargée de l'enquête, le détective inspecteur Phil Brennan partage la vie de Marina Esposito, psychologue et profileuse, avec qui il a une petite fille de quelques mois. Ensemble, ils ont précédemment dénoué une horrible affaire de meurtres de femmes enceintes, le foetus arraché de leur ventre (Substitutions). Alors que les enquêteurs se trouvent sur la scène de crime, le détective Anni Hepburn prend la déposition de Suzanne Perry, victime pour sa part d'une inquiétante agression : un intrus, un rôdeur, s'est introduit chez elle pendant son sommeil et l'a dévêtue tandis qu'elle restait paralysée, dans un état de semi-conscience. Seul le message qu'il a laissé derrière lui « Je veille sur toi » prouve qu'elle n'a pas fait un cauchemar. En fouillant dans le passé de la jeune orthophoniste, Anni découvre que, deux ans plus tôt, elle a porté plainte pour harcèlement contre un professeur d'université. Faute de preuves, aucune suite n'avait été donnée à l'affaire. Tandis qu'Anni tente de suivre cette piste et que ses collègues oeuvrent pour trouver des indices sur les rives de la Colne et dans la vie de Julie Miller, le rôdeur continue d'épier Suzanne Perry. Tous les cauchemars ne cessent pas lorsque vous vous réveillez ! Plus Phil Brennan et son équipe vont avancer dans cette enquête, plus ils vont plonger dans la psychologie tordue du Rôdeur... Qui est-il ? Un déséquilibré ? Un serial-killer ? Un monstre de cruauté... A propos de l'auteur Tania Carver, la révélation du thriller psychologique, vit dans le sud de l'Angleterre avec son mari et ses deux enfants. **Learning Rates of Electric Vehicles** Nov 19 2021 Governments of many countries consider the electrification of individual passenger transport as a suitable strategy to decrease oil dependency and reduce transport-related carbon dioxide (CO2) and air pollutant emissions. However, battery-electric vehicles (BEVs) and plug-in hybrid-electric vehicles (PHEVs) have been more expensive than their conventional counterparts and suffer from relatively short electric driving ranges, which still hampers the market potential of these vehicles. Despite persisting shortfalls, mechanisms such as technological learning and economics of scale promise to improve the techno-economic performance of BEVs and PHEVs in the short- to mid-term. Here, the author seeks to obtain insight into the techno-economic prospects of BEVs and PHEVs by: (i) establishing experience curves and (ii) quantifying user costs and the costs of mitigating carbon dioxide and air pollutant emissions in a time-series analysis. The analysis captures the situation in Germany between 2010 and 2016.

**Great City Parks** Feb 29 2020 Great City Parks is a celebration of some of the finest achievements of landscape architecture in the public realm. It is a comparative study of thirty significant public parks in major cities across Western Europe and North America. Collectively, they give a clear picture of why parks have been created, how they have been designed, how they are managed, and what plans are being made for them at the beginning of the twenty-first century. Based on unique research including extensive site visits and interviews with the managing organisations, this book is illustrated throughout with clear plans and photographs-- with this new edition featuring full colour throughout. Tate updates his seminal 2001 work with 10 additional parks, including: The High Line in NYC, Golden Gate Park in San Francisco and Westergasfabriek, Amsterdam. All the previous city parks have also been updated and revised to reflect current usage and management. This book reflects a belief that well planned, well designed and well managed parks and park systems will continue to make major contributions to the quality of life in an increasingly urbanized world.

The Automotive Industry and European Integration Aug 29 2022 This book chronicles the divergent growth trends in car production in Belgium and Spain. It delves into how European integration, high wages, and the demise of GM and Ford led to plant closings in Belgium. Next, it investigates how lower wages and the expansion strategies of Western European automakers stimulated expansion in the Spanish auto industry. Finally, it offers three alternate scenarios regarding how further EU expansion and Brexit may potentially reshape the geographic footprint of European car production over the next ten years. In sum, this book utilizes history to help expand the knowledge of scholars and policymakers regarding how European integration and Brexit may impact future auto industry investment for all EU nations.

**Je voulais qu'elle se taise - La tragédie amoureuse d'Alexia et Jonathann Daval** Aug 17 2021 La tragédie amoureuse d'Alexia et Jonathann Daval. Le 28 octobre 2017 au matin, Jonathann Daval, un jeune homme discret, entre à la gendarmerie de Gray, une petite commune de Bourgogne. Il vient signaler la disparition de sa femme, Alexia, âgée d'une trentaine d'année. Jonathann raconte que ce matin-là, Alexia est partie faire son jogging et n'est pas revenue. Dès le lendemain de la disparition, l'affaire fait déjà la Une des journaux, régionaux et nationaux ! C'est lors d'un séjour à la Guadeloupe que l'avocat Randall Schwerdorffer apprend qu'il est désigné pour défendre les intérêts de Jonathann Daval. Il est choisi parce qu'il est à la tête du plus gros cabinet pénal de la région et a déjà une solide réputation, y compris auprès des médias nationaux. Il va défendre Jonathann tout a long de la procédure et jusque devant la cour d'Assises et les médias. Jonathann Daval a raconté aux gendarmes que la veille au soir, son épouse et lui s'étaient battus en rentrant d'une soirée chez les parents d'Alexia. Alexia a voulu faire l'amour avec son mari et Jonathann savait que son impuissance allait l'en empêcher. Il repousse Alexia et a essayé de fuir. Alexia le rattrape dans l'escalier du garage pour l'empêcher de quitter la maison. Elle commence à lui griffer un bras, à lui mordre l'autre : les griffures, les morsures, profondes sont

enregistrées dès la première audition et sont prises en photo. Avant même qu'on découvre le cadavre d'Alexia, Jonathan apparait comme le suspect N°1 ! Ce n'est qu'après la découverte du corps d'Alexia, 3 jours plus tard, qu'il bascule dans le déni et apparait comme un monstre, menteur, pervers et manipulateur. Fou d'amour l'un pour l'autre, mais pas fait pour vivre ensemble, le couple modèle se délite jour après jour jusqu'au drame que personne n'a vu venir. La presse qui a abondamment couvert l'affaire Daval avec des milliers d'articles et d'émissions, n'a pratiquement jamais abordé le dossier sous l'angle de la tragédie amoureuse. En analysant l'affaire Daval sous l'angle de l'amour permet de comprendre comment et pourquoi celle-ci est devenue en quelques jours le fait divers le plus médiatisé de ces 20 dernières années, et on comprend mieux aussi comment l'affaire Daval a pu se démarquer des 109 autres affaires de féminicides que la France a connues en 2017.

**Un mal paso** Apr 12 2021 Una vibrante novela policíaca ambientada en el Camino de Santiago. Xavier Hugué, antes de ser alcohólico, había sido un buen periodista. En su enésimo intento por rehabilitarse, el director de un importante periódico le tiende una mano y le ofrece un encargo peculiar: hacer el Camino de Santiago y narrar a los lectores el día a día de la peregrinación. Mientras tanto, en Santiago de Compostela, la apacible vida del comisario Suso Corbalán se ve ligeramente perturbada. Por un lado, las puertas de la catedral aparecen pintadas con mensajes absurdos contra el Año Xacobeo, pero más grave aún parece la desaparición de Mauro Andrade, un catedrático de la Universidad de Santiago que se ha esfumado en Roma tras asistir a un congreso de arte románico. La policía encuentra una buena explicación para ambos casos. Todo encaja. Lástima que las cosas no siempre sean tan sencillas. Pocos días más tarde, la cabeza de Mauro Andrade aparece en un pequeño pueblo navarro por el que casualmente está pasando Xavier Hugué en su etapa diaria del Camino. Una vibrante y sorprendente novela policíaca salpicada de un fino sentido del humor que confirma a Alejandro Pedregosa como una de las más interesantes y singulares nuevas voces del género negro en lengua española.

*Citroen* Apr 24 2022 In this new view of the Citroen story, automotive/aviation writer and design specialist Lance Cole investigates not just the details of the cars of Citroen, but the aeronautical and cultural origins that lay behind Citroen's form and function. The book digs deep into the ethos of Automobiles Citroen to create a narrative on one of the greatest car manufacturers in history. Using interviews, translations, archive documents and specially-commissioned photographs, the Citroen journey is cast in a fresh perspective. It explains in detail the influences upon Citroen design: Voisin, Lefebvre, Bertoni, Boulanger, Mages, Opron and recent Citroen designers such as Coco, Blakeslee and Soubirou. As well as all the men of the great period of 1920s-1970s expansion, it also cites less well-known names of Citroen's French engineering, design, and influence such as Cayla, Gerin, Giret, Harmand, Dargent and others, to give a full picture of Citroen heritage. The book provides in-depth analysis of all major Citroen models with an engineering and design focus and profiles key individuals and cars up to the present day and Citroen's 'DS'-branded resurgence. It features many newly commissioned photographs, rare archive drawings and interviews with Citroen owners. Researched amongst leading Citroen experts and restorers, Lance Cole provides a fresh perspective on the Citroen car manufacturer, its design language and the legacy of its extraordinary engineering which will be of great interest to all Citroen and motoring enthusiasts. Superbly illustrated with 329 colour photographs, many newly commissioned along with rare archive drawings.

**Sprawl** Sep 25 2019 *Sprawl*. The word calls to mind a host of troublesome issues such as city flight, runaway suburban development, and the conversion of farmland to soulless housing developments. In *Sprawl*, architectural historian Richard Ingersoll makes the surprising claim that sprawl is an inevitable reality of modern life that should be addressed more thoughtfully and recognized as its own new form of urbanism rather than simply being criticized and condemned. In five thought-provoking chapters, covering topics such as tourism, film, and the automobile, Ingersoll takes the position that any solution to the problems of sprawl—including pressing issues like resource use and energy waste—must take into consideration its undeniable success as a social milieu. No screed against the suburb, this book offers a more sophisticated and nuanced view of the way we think about its rapid development and growth.

*DRIVEN* May 26 2022 *DRIVEN* is John Aston's hugely entertaining motoring autobiography. This ambitious and far-ranging book begins with his early days as a teenage car enthusiast and race marshal in the late Sixties before covering the wide range of subjects close to his heart. These include the best and worst of Formula One, the icon that is Ferrari, the writer's NASCAR adventure, and the delights of long road trips in his beloved Caterham Seven. But that's not all, as you can read about why the NSU Ro80 was a prophet without honour, as well as what the writer thinks about the changing face of motoring journalism. Yes, one J Clarkson is mentioned ... And there's more still, as a major part of the book is a first-hand account of a year in British motorsport. The writer's love of the lesser known categories of motorsport illuminates the text, as does his insight into the places, people and machinery making up the sport's diversity. He describes the mood music of events ranging from a round of the British Touring Car Championship to historic race meetings for Cortinas and Minis, before venturing further from the mainstream with drag racing at Santa Pod, speed hillclimbs, autograss and rallying. Oh - he also doubled the average age at a Time Attack meeting. Don't expect objective reporting, as he holds strong opinions, but they are leavened by a tongue firmly lodged in his cheek. Any reader, enthusiast or not, is guaranteed to enjoy reading about these adventures as much as the writer enjoyed having them.

**När musiken tystnar** Feb 08 2021 Ny bladvändare med kommissarie Banks En mörk natt kastas en tonårsflicka ut ur en skåpbil mitt i ingenstans efter en gängvåldtäkt. Naken, illa åtgången efter de brutala övergreppen och med svåra fallskador försöker hon ta sig till en gård hon ser i fjärran. Men hon hinner inte långt. En ny bil stannar och hon hoppas få hjälp, men istället blir hon brutalt ihjälslagen på platsen. Mördaren är inte någon av våldtäktsmännen. Det är upptakten till den svåra utredning som leds av Alan Banks kollega Annie Cabbot. Cabbot får hand om fallet tillsammans med den ambitiösa nykomlingen Gerry Masterson, allt under överseende av Alan Banks som nu är kriminalkommissarie. Parallellt med detta tar sig Banks själv motvilligt an en gammal våldtäktsanmälan från 1967. En kvinna som nu är i 60-årsåldern träder fram med anklagelser mot en av dåtidens hyllade TV-personligheter. Trots Banks motvilja mot att ta upp ett så stenkallt gammalt fall går han med på att träffa offret, som idag är en välkänd poet. Och snart är han ändå djupt engagerad i den känsliga sexualbrottsutredningen. Robinsons 15:e bok om Alan Banks är en bladvändare med mörka historier om utsatthet och övergrepp. Översättare: Carla Wiberg, Omslagsformgivare: Fredrik Stjernfeldt

The Creeper Jun 26 2022 Suzanne Perry is having a vivid nightmare. Someone is in her bedroom, touching her, and she can't move a muscle. She wakes, relieved to put the nightmare behind her, but when she opens the curtains, she sees a polaroid stuck to the window. A photo of her, sleeping, taken during the night. And underneath, the words: "I'm watching over you." Her nightmare isn't over. In fact, it's just beginning. Detective Inspector Phil Brennan of the Major Incident Squad has a killer to hunt. A killer who stalks young women, insinuates himself into their lives, and ultimately tortures and murders them in the most shocking way possible. But the more Phil investigates, the more he delves into the twisted psychology of his query, Phil realizes that it isn't just a serial killer he's hunting but something - or someone - infinitely more calculating and horrific. And much closer to home than he realized.

**Fuoco criminale** Jan 10 2021 «Lo possono dire soltanto le autorità che hanno il compito istituzionale di seguire queste cose. Io come sindaco e come architetto, per di più originario della Calabria, posso assicurare di non aver mai sentito il profumo della mafia». Nicola Sodano, ex sindaco di Mantova, ottobre 2011 Una notte di novembre, a qualche chilometro da Mantova, va a fuoco l'auto di un imprenditore edile. Autocombustione, si affretta a dichiarare. Un mese dopo: altro incendio. Stesso posto e stesso proprietario. Si accendono altri roghi, e le vittime sono sempre imprenditori edili. Il fuoco arriva fino a bruciare le betoniere di una ditta di calcestruzzi impegnata nella costruzione di un centro con parcheggi, un albergo, negozi, appartamenti e uffici all'ingresso della città. Coincidenze? Lo sono fino al 24 settembre 2011, quando un piccolo imprenditore si presenta alla caserma dei carabinieri. È spaventato, si sente sotto scacco. E il suo racconto apre uno squarcio su un mondo che si credeva lontano almeno mille chilometri. Saranno le sue denunce a dare il via all'inchiesta Pesci, che smaschererà le mire della cosca di Nicolino Grande Aracri nelle terre dei Gonzaga. Accanto ai nomi del boss della 'ndrangheta cutrese e dei suoi compari, l'indagine coinvolge nomi come quello del sindaco, del più importante costruttore della zona, di affaristi, di ex senatori, fino all'ex presidente del Consiglio di Stato. Estorsioni, intimidazioni, corruzioni, mazzette che non lasciano tracce, se non le frasi smozzicate captate nelle intercettazioni. In una città, Mantova, simbolo del profondo Nord, che continua a disegnare la 'ndrangheta con coppola e lupara. Fino ad oggi. Rossella Canadè è una giornalista della «Gazzetta di Mantova», quotidiano del Gruppo Repubblica-Espresso. Ha lavorato nella redazione di Parma de «l'Unità» e a «Ultime notizie». Ha scritto reportage da Somalia, Ruanda, Iraq, Bosnia, Serbia, Romania e Brasile. Attualmente si occupa soprattutto di cronaca nera e giudiziaria, con particolare attenzione al tema della criminalità organizzata e degli insediamenti della mafia al Nord. Dai suoi servizi sulle infiltrazioni della 'ndrangheta nel mantovano hanno aperto inchieste la Commissione nazionale antimafia e la Procura di Mantova. Ha scritto un testo teatrale, Senza tacchi, messo in scena da Europateatri.
